Abstract Touch

Don't be afraid to hang an abstract painting in an Early American setting, suggests the Picture and Frame Institute. Let the frame and mat provide the transitional element that will tie the picture to the decorative scheme. There is no magic in proper selection of pictures for your home. The framed pictures you hang should be those you like.

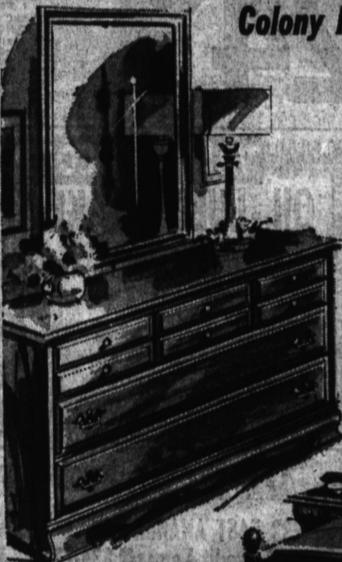

Fires of Love

Many types of gems have been used in engagement rings, but the diamond has come to be the most popular. An old superstition tells that the diamond's sparkle originated in the alchemists' fires of love, say World Book Encyclopedia.
